**GOLDKISH**  
Luxury Home Accessories & Kitchenware

After 10 years of business experience, Goldkish Company started its activity by relying on the international business knowledge of expert managers. Goldkish is the exclusive representative of some prominent manufacturers in Italy, Turkey, China, Thailand and India and was officially established in 2012 with the aim of supplying catering and decoration products. At first, this company distributed its products in bulk throughout the country, and after a short period of time, along with the opening of several branches, there was a demand to establish a representative office in every city, which led to quantitative and qualitative development throughout the country. With its unique layout, Goldkish stores brought about a special evolution in the sale and presentation of home appliances, hospitality and decor, which inspired many decor stores.

Special and innovative designs, high quality, elegance and luxury of the products are among the reasons for the success of Goldkish, which in a short period of time became one of the largest companies supplying home appliances for catering and decoration.

Relying on the thinking and planning of managers and recognizing the needs of Iranian families, Goldkish Group established Khaneh Aryaei Iraniany in 2016 with the aim of providing a wide range of respected competitors from a specific and reliable source. By providing a suitable platform for the presentation of home and kitchen products, while saving time and energy, Iranian Aryaei House has provided the possibility of enjoyable and cost-effective shopping.

Aryaei Iranian House assures the buyer that, in addition to keeping the price favorable, the quality of the product is also taken into consideration, and it always tries to ensure that the products offered are free of any known harmful substances. The product variety of more than 7000 products, calm and pleasant environment, specialized arrangement, providing quality and affordable products, unique response to different customer tastes and valuing the issue of customer satisfaction caused that within less than two years, the store space and the number of Branches of the Aryaei House of Iranians should be expanded. In order to serve respected customers and provide quick and easy access, Khaneh Aryaei Iranian aims to improve services and expand branches of Khaneh Aryaei chain stores.

In order to support the domestic economy and national production, Goldkish Group began to produce products under the Goldkish brand. For this purpose, in 2017, with the aim of producing luxury catering and decoration accessories, it started to cooperate with Jam Afarin Fakher Company and added this company to one of its subgroups. The policy of Jam Afarin Fakher Company is to produce products with good quality and can compete with foreign samples inside the country in order to make a significant contribution to entrepreneurship and creating employment, and by receiving international standards, it has provided the possibility of exporting products and earning foreign currency for the country.

By using the ideas of designers, the knowledge of specialists and experienced and experienced personnel, as well as the use of advanced and up-to-date devices, Jam Afarin Fakher has succeeded in producing 100,000 pieces of products annually with the aim of high quality at a favorable price. The distinguishing feature of the products produced in Jam Afarin Fakher company with other brands in the market is the unique design and focus on choosing the type of material, which has finally satisfied the customers. The products of Jam Afarin Fakher Company have been able to take a significant share of the market of decorative and catering dishes due to their high diversity in materials and designs. Jam Afarin Fakher products are made of wood, brass, steel, glass, aluminum, stone, etc. in various traditional and modern designs and according to the taste and needs of the market.

Korosh Novin Aryaei Holding was established in 2017 with the vision of creating a unique factory in the field of porcelain and ceramic production, glassware, metalware, etc., and as a holding company, it manages Goldkish, Jam Afarin Fakher, and Irani Aryaei House. id

Korosh Novin Aryaei started working in an area of over 25000 square meters, in order to achieve the goal of supporting domestic production and creating employment, and started producing products under the Goldkish brand. This company offers a product by using the pure ideas of designers in this field and with the inspiration of successful foreign examples and relying on the technical knowledge of specialists, skilled and experienced personnel, up-to-date tools and devices and using the highest quality raw materials, which has superior quality in domestic products and can compete with foreign products. Korosh Novin Aryaei company checks its porcelain and ceramic products by the quality control expert team and grades them using indicators such as whiteness, hardness of the body and glaze, transparency, thickness and weight, etc. and finally a product with it offers the best quality to the market.

Now Goldkish has been able to find its loyal customers in recent years and have a growing trend along with progress in this field, and still with the aim of satisfying customers, producing and supplying quality goods, quantitative and qualitative development. Agencies inside and outside the country, the professional development of the staff and specialists of the collection, continues on its way.

## Wood-Brass Products

Goldkish wooden catering products are produced and supplied using the best type of wood and brass alloy. The use of brass decorations while maintaining the simplicity of wood makes the dishes luxurious, which is compatible with any kind of taste. That is why wooden products are among the most popular and best-selling products of this collection.

In these products, the best type of wood and the highest quality organic paint in the world are used. Therefore, it has succeeded in receiving international standards. Covering wood with this type of paint makes it resistant to washing and prevents food from coming into contact with wood.

The design of Golden Bird Goldkish is made of wood with brass accessories in the shape of a bird. A kind of brass ring is used around the container for more strength and beauty. This plan includes a complete set of treats including fruits, sweets, nuts, camping, cakes, etc. in different sizes and shapes. The product variety of this plan is about 60 catering and decoration products.

## Brass Products

Goldkish brass catering and decoration products are made from the best type of brass alloy. The decorative parts are produced by precise casting method and are connected with high delicacy. This collection is one of the most popular Goldkish products and is still on the top of the best selling products.

Brass dishes have long attracted everyone's attention and over the years it has kept its place in the classic style of interior design. According to the common perception, brass is not a metal and is actually a type of alloy. That is, it is prepared from the combination of several metals under special conditions. Increasing or decreasing the percentage of metals used will affect the quality of this alloy. The alloy used in Goldkish company's brass dishes is one of the best and highest quality types of brass alloy.

Goldkish brass products are very diverse and include a wide collection of serving and decorative dishes in different sizes and shapes along with decorative pieces and different designs.

## Glass Products - Bronze

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum. Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book.
